

## About UCSI

Unique Cleaning Service, Inc. was established by Navy Veteran, Willie “Toney” Sellers, JR., nearly 26 years ago. Our mission and legacy is to support federal workers by providing a healthy and pristine work environment. We invest in training and developing our team, maintaining standards by extensive quality control guidelines, and we provide strong management on each project. Offering complete facility care solutions, we manage the entire building, freeing the Federal Agency to focus on their mission in an immaculate space.

## What Makes Us Unique

By consistently focusing on customer satisfaction, efficiency, productivity, and sustainability, UCSI continuously stands out in the facility management sector. Our adoption of electronic reporting, utilization of machines for optimal coverage, and commitment to environmentally friendly practices differentiate us from our competitors. With UCSI, you get the personal customer service of a small business and the use of technology that normally only a large company would provide. Our nationwide footprint gives us a headstart on staffing your project. We use our dedicated Recruiter to engage our current team and our extensive connections in the job market to ensure a consistent, full staff. Get ready for the Unique Difference!
